

NHE-PTA MISSION

2019-2020 School Year

Provide opportunities and resources to build strong children, parents, families and communities.

Promote a partnership between home, school and community that elevates the social, emotional and academic growth of our students.

Encourage parent and teacher involvement in the PTA's decision-making process and advocate for the care and protection of our students.

Newport Heights Elementary Parent Teacher Association is only made possible by a volunteer team that freely gives their passions, expertise and time. We can only do as much as our financial donations allow. Please donate.
